

TECHNOLOGY AND DESIGN SOLUTIONS FOR MATERIAL HANDLING INDUSTRY

Riverstone Infotech is a trusted and comprehensive design-and-technology solutions partner for the material handling industries, helping customers win more business, execute faster, and deliver better end-to-end experiences through expert design and engineering, connected workflows, and intelligent software.

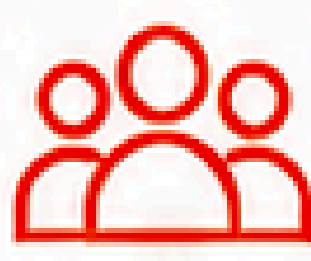

FASTER PROPOSALS

Reduce engineering turnaround time

IMPROVE ACCURACY

Reduce errors and rework

SCALE EASILY

Access skilled talent when you need it

INDUSTRIES WE SUPPORT

STORAGE AND RACKING

- 3D modeling
- Space planning
- Smart rack design
- Installation Drawings

CONVEYORS & SORTATIONS

- Design automation
- Virtual walkthroughs
- Engineering Design support
- Interactive solution mapping

ROBOTICS

- Layout & Simulation
- BIM & CAD Services
- Engineering drawings
- Product visualization

AGVS AND AMRS

- System Integration
- Route optimization
- Docking station design
- Fleet management & traffic flow

CHALLENGES OUR CUSTOMERS FACE

Slow proposal preparation

Limited engineering capacity

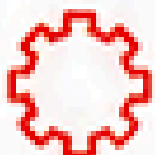

Difficult to visualize solutions

Product data in multiple systems

Manual quotation process

Increasing product complexity

HOW RIVERSTONE HELPS

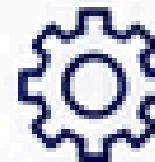

Engineering Design & CAD Services

3D Modeling & Product Visualization

BIM & Layout Design

Design Automation

Configure, Price & Quote (CPQ)

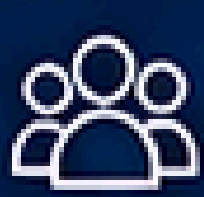

AI Document Intelligence

WHY RIVERSTONE?

Engineering and digital expertise

Experience with industrial manufacturers

Engineering + software capabilities

Flexible engagement models

Scalable and reliable delivery

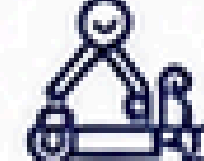

TYPICAL PROJECT AREAS

WAREHOUSE LAYOUT DESIGN

CAD DRAFTING

EQUIPMENT MODELING

PRODUCT VISUALIZATION

PRODUCT CONFIGURATION

TECHNICAL DOCUMENTATION

PRODUCT DATA & INFORMATION MANAGEMENT

DIGITAL ASSET MANAGEMENT
